# Using future-focused legal skills to make an impact

Example of app user interface

Our law students developed an online app that aims to smooth the path into stable housing for some of South Australia’s most vulnerable people. The project was part of our transformative Law in a Digital Age subject, and it’s a rare opportunity to make a difference in the world.

Students Hannah Guest, Jocelyn Neumueller and Laura Spencer developed a Community Access Tool for the renowned Hutt St Centre, which advocates and empowers people at risk of or experiencing homelessness, as part of Flinders University’s transformative Law in a Digital Age subject.

The new application allows Hutt St Centre staff to more effectively provide information on the services, amenities and facilities available in the communities that the centre’s clients may move into. Currently, the Hutt St Centre Pathways program provides council packs to its clients when moving, which include useful information about the local services and support available. However, these packs cannot always be tailored to individual needs, and aren’t available to clients who don’t interact with the Pathways team.

To use the app, Hutt St Centre staff (or the clients themselves) first answer a series of questions to determine eligibility for certain kinds of assistance. The application then draws information from a database of council specific services for eligible clients.

The Community Access Tool is the result of a collaborative project within Flinders University’s Law in a Digital Age topic. This subject brought together law and computer science students to help prepare them for the opportunities of an increasingly digital future.

Flinders University’s Dean of Law, Professor Tania Leiman, says that Law in a Digital Age is a vital subject for anyone studying law.

“It’s not just about the tech,” says Professor Leiman. “It’s about mindset – being innovative, being enterprising and being open to exploring the possibility of new solutions. It’s also about using all the tools we have to make justice more accessible and available for more people in our community.”

## If you have secondary education

### Year 12 entry

Most Year 12 applicants enter university via the traditional entry method, where offers are made to eligible applicants with the highest selection rank until all places in the degree are filled. Your selection rank is used by Flinders to assess your admission to a course and is based on your ATAR plus any adjustment factors for which you are eligible.

### [flinders.edu.au/year12](https://flinders.edu.au/year12)

### Guaranteed entry

If you achieve an ATAR equal to or above the published guaranteed entry selection rank (and you meet course prerequisites) you will be guaranteed a place at Flinders. We offer guaranteed entry for most courses.

### Indigenous Admission Scheme

The Indigenous Admission Scheme provides an alternative pathway for Aboriginal and Torres Strait Islander people, who may not have been able to gain entry to university by traditional means, with the opportunity to study at Flinders.

See page 16 for further details.

### [flinders.edu.au/study/sport/elite-athletes](https://flinders.edu.au/study/sport/elite-athletes)

### Research Project B Pathway

### [flinders.edu.au/study/pathways/year-12-entry/research-project](https://flinders.edu.au/study/pathways/year-12-entry/research-project)

### School Recommendation Program

We may consider your school's recommendation about your academic performance as part of your admission into Flinders.

### uniTEST

If you're in Year 12, uniTEST is available to enhance your chances of getting into Flinders. We will select students based on their Year 12 results (60% weighting toward the ATAR selection rank) and uniTEST results (40%). Flinders will also consider applicants based on their uniTEST results (100%) as a standalone entry score (subject to SACE completion and any course prerequisites or specific admissions requirements). If you take the test and don't do well, we will only consider your highest selection rank.

### [flinders.edu.au/unitest](https://flinders.edu.au/unitest)
