Why choose Flinders?

Progressive

Going beyond starts with thinking beyond

Every day at Flinders University, we search for greater understanding and ideas that will make a difference to our world.

As a globally recognised and highly ranked university, research and creative endeavour have been at the core of our identity since inception.

Flinders works closely with industry and the community to provide practical education supported by leading research, in state of the art facilities.

Student focused

Our success is yours

At Flinders we are focused on student success and provide a wide range of specialist international services and programs to support your transition into study at Flinders and life in Adelaide.

You'll find world-class support services from before you arrive until you graduate, with peer mentoring, academic and English language assistance, prayer/multi-faith rooms and a personalised learning approach designed specifically to help you succeed.

Career minded

Invested in your future

A university degree provides you with more job options. But a globally recognised, industry-accredited Flinders degree prepares you for a satisfying career in your chosen area.

Gain specialised skills and knowledge while developing portable qualities like independent thinking, communication, collaboration, ethics and creativity – qualities shared by innovators, entrepreneurs, pioneers, creators and trailblazers.

Flinders has a high level of industry connections with global leaders including CISCO and BAE Systems, which means you'll have the opportunity to take up practical placements and graduate job ready and ahead of the curve.

Take a virtual tour of Flinders University and explore our amazing locations. It's the next best thing to being here! flinders.edu.au/vr

Flinders in Adelaide

Accommodation

Flinders is the only university in Adelaide where you can choose to live on campus. You may also find private accommodation near the campus, the beach or the CBD.

An authentic 'Aussie' experience

Adelaide offers a mix of beautiful landscapes, sparkling beaches, rolling hills and a vibrant urban centre.

Flinders Link

The \$141m Flinders Railway Station connects Flinders Bedford Park and Tonsley campuses by rail, allowing Flinders' students to access the CBD by train in less than 22 minutes.

Flinders Village

Our future \$1.5 billion Flinders Village development will feature student accommodation, an advanced Health Research facility, health accommodation, a hotel and retail facilities.

Festivals

South Australia is known as the 'Festival State', and there are regular cultural and sporting events

Food

South Australia is a food centre, with a higher ratio of cafés and restaurants to residents than any other city in Australia.

Shopping

Adelaide has a wide range of retail outlets, making it easy to shop for any taste or budget. Westfield Marion, the biggest shopping mall in Adelaide, is located 10 minutes from our Bedford Park campus.

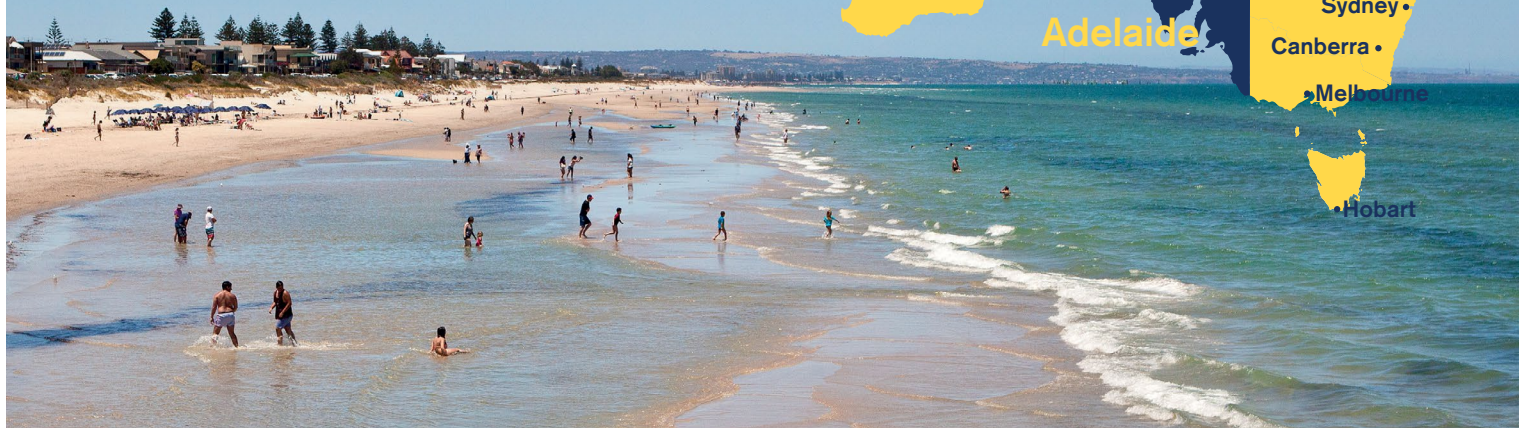

Sustainability

Over 7600 solar panels, combined with electricity supplied by one of South Australia's largest renewable energy projects, provide Flinders campuses and facilities with 100% green energy.

Weather

South Australia is fortunate to have a Mediterranean climate, with long, hot summers and cool to cold, snowless winters.

Adelaide: Designed for life

Adelaide, the capital city of South Australia, has been named the most liveable capital city in Australia, and the 3rd most liveable city in the world.*

Adelaide is more affordable than both Sydney and Melbourne

Economist Intelligence Unit 2018

Living in Adelaide

Adelaide is a modern, friendly city, and more affordable than Sydney, Melbourne, Brisbane or Perth. It is recommended that you budget around \$20,540 for annual living costs in Australia. This estimate will increase if you are accompanied by partner and children.

Adelaide is one of the most liveable cities in the world. It is safe, beautiful, has excellent public transport, and is one of Australia's most affordable cities.

Adelaide is alive and vibrant. Local fresh food markets, exciting restaurants and cafes, international sporting events and world renowned arts festivals are just a few of the reasons that studying in Adelaide gives you a quality of life you won't find anywhere else in Australia.

More than 38,000 students from 130 countries choose to study, live and work in Adelaide. The city designed for life.

Adelaide cost of living estimates

Average weekly costs*	\$AUD
Rent – City (Shared) per week	\$185
Utility Bill (Shared) per week	\$30
Groceries per week	\$60
Phone and internet per week	\$25
Public Transport per week	\$15
Entertainment per week	\$80

Study area spotlights

Education

As one of the largest providers of education courses for teachers in South Australia, Flinders is well positioned to offer the degree you need to succeed in your education and teaching career.

With a multitude of pathway options and specialised minors, you can personalise your learning journey based on your personal and professional goals and requirements. Enhance your research skills, become an informed consumer of research, analyse educational policy and practice, and gain insights to ultimately improve professional decision making.

Our diverse range of Master of Education specialisations will allow you to take your career in education to the next level.

Specialised courses available in Leadership in Education; Inclusive and Specialised Education; Wellbeing and Positive Mental Health in Education; and Cognitive Psychology & Educational Practice.

Government

Graduate career-ready from a university ranked in the world's top 300 for political sciences.*

Explore a range of internship opportunities available locally, nationally and internationally, including the South Australian parliamentary internship and Flinders' unique Washington Internship Program in the US Congress.

Learn from academics who have advised and provided analysis for local and national political leaders, and whose commentary is widely sought.

Flinders has over 40 years' expertise in US, China, Asia and Africa international relations.

Study a Master in Public Policy, Public Administration or International Relations; or a Bachelor of International Relations and Political Science.

Meet our students

Today, I can say that I am not the same Saadia that left Pakistan to study this program. Today, I am equipped to lead transformative change. After returning to Pakistan I was immediately given a leadership opportunity and have continued to be offered senior positions of leadership within the Education Ministry since then. I have built a huge network of eminent people from education systems all over the world – and I am still in contact with many of them today. It is also a wonderful place to study, with beautiful Australian nature, the lake, occasional koala visits, and of course the famous Flinders ducks.

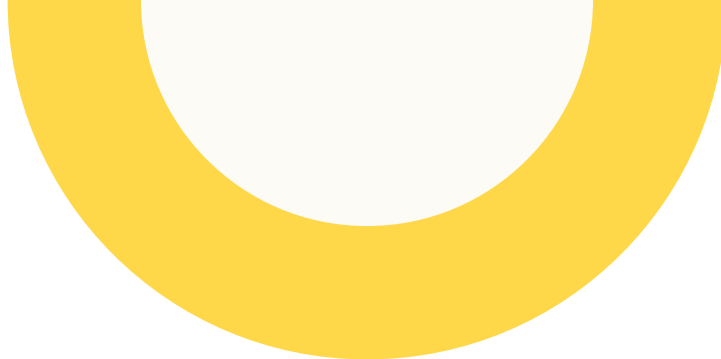

Saadia Adnan Pakistan
Master of Education
(Leadership & Management)

I really like my course, it is very diverse, and it is filling all the gaps I had in my work. One of the invisible gaps in my country is between local and national government. As a local government staff, by better understanding how the national government works, we can work better together and more efficiently. There are many things I like in Adelaide. I live right next to the University, so it is very convenient for my study.

Vaipuna Semisi
Tuvalu
Bachelor of International
Relations and Political Science

Environment

A multidisciplinary approach combines study of environmental science with understanding about the political and developmental dimensions of global environmental challenges.

Examine and understand the components of the earth system. Gain a broad spectrum of knowledge for a range of career opportunities. Gain skills that will allow you to make a difference in the global environmental challenges we face, including climate change.

Learn to analyse data to identify patterns and trends in environmental conditions. Work with industry and government at a national and international level to improve environmental outcomes.

Health Sciences

Flinders' professionally accredited programs with globally recognised qualifications increase your job opportunities worldwide. Flinders Medical Centre serves as trauma centre for the southern suburbs, and part of the Adelaide Hills.

Flinders' Health2Go clinic, located on-campus, provides an on-site training facility with state-of-the-art equipment allowing Allied Health students to evolve their clinical experience.

The majority of health sciences programs include practical industry and clinical-based placements and internships providing hands-on industry experience and skills.

Explore courses in Audiology; Clinical Rehabilitation; Nursing; Nutrition & Dietetics; Occupational Therapy; Public Health; Physiotherapy; and Speech Pathology

I first came to Flinders to do an MSc (Chemistry) because it would enhance my chemistry knowledge and professional skills before doing research independently. In my Master's, my supervisor not only motivated me to do better in my course but also encouraged me to participate in the large-scale production of the material that can be used in tackling wider mercury pollution problems. As a result, I have become much more confident to use innovative chemistry to solve current problems related to chemistry – such as environmental issues. And so I recently returned to Flinders to start my PhD in polysulfide applications.

Alfreds Tikoalu

Indonesia

PhD (Chemical Sciences)

I have found Flinders to be a very disability-friendly university. It always strives to ensure accessibility with regard to the instructional content and the infrastructural accessibility for students with disabilities. Furthermore, my degree program offers the students to undertake a practicum which enable the students to put the acquired knowledge into practice.

Muhammad Babar Shahzad
Pakistan

Master of Disability Policy and Practice

Study area spotlights

Information Technology

Study IT at Flinders and tailor your studies to suit your interests. Go beyond and learn core skills at a university awarded five stars in Computing & Information Systems for learning resources by The Good Universities Guide 2021 (undergraduate).

Our degrees are professionally accredited by the Australian Computer Society (ACS) and recognised internationally by the Seoul Accord.

Study at Tonsley, our world-class \$120m teaching and research facility. It is our hub of innovation and entrepreneurship and features state-of-the-art equipment, laboratories and study spaces.

As an authorised Cisco Academy, Flinders partnership with Cisco allows you to undertake courses that contribute towards Cisco certification as a Cisco Certified Entry Networking Technician (CCENT) or Cisco Certified Networking Associate (CCNA).

Degrees available in IT, Computer Science, and Data Science; with specialisations such as Network & Cybersecurity Systems or Artificial Intelligence.

Gender & Development, Women's Studies

Australia's only master's course in women's and gender studies, Flinders' Master of Arts (Women's and Gender Studies) will help you develop the skills and knowledge to think critically on issues of gender and its intersections with sexuality, class, and racial differences. To gain perspective. To create change. To help tell the stories and ensure they are heard.

Flinders Women's and Gender studies explores the importance of the concepts and constructs surrounding gender and society. Why so many think the way they do. How societies developed upon gender-orientated lines, and why it is more important than ever to question taken-for-granted assumptions to build a more balanced, inclusive and just future.

It explores feminist politics and different types of feminism, women's empowerment, human rights, indigenous knowledges, LGBTIQ issues - intersectional approaches help us understand who we are, and how we can better advocate for those whose experience is different to ours.

Meet our students

I researched bachelor courses in Cybersecurity, and Flinders was one of my top choices. The location in Adelaide made my decision easy. It's not too big, very peaceful and calm, and the people are very kind. The beach reminds me of home, but then I also like the hills. What I love is that the topic coordinators are always reaching out to us to make sure we have the support we need. The support here goes much further than what I am used to at home. The way we get taught makes it easier to retain information. I have a lot of big projects waiting for me when I come back!

Vitolio Laufou
Wallis & Futuna

Bachelor of Information Technology (Network & Cybersecurity Systems)

The Women's Studies course is the most wonderful thing that happens to my life. I enjoy every single topic that I have selected to study within the course and feel very much confident about what I have learnt and will apply in the future. Moreover, domestic and international students are truly connected in my course. I never feel doubt about my assignments with the help from the Student Learning Support Service as well as Studiosity.

Hoang Minh Son Le
Vietnam

Master of Arts (Women's Studies)

PhD

While at Flinders you can do research with great supervisors, and state-of-the-art facilities. Flinders is the first University in Australia to use the Inspire online system that helps you manage your candidature anytime, anywhere.

Not only is Flinders a great place to do research, Adelaide where we are based, is also a very PhD-friendly city. A great climate, coupled with lots of green, beaches and other recreational facilities and last, but not least a very affordable lifestyle make Adelaide a city where you can truly have a study-life balance. If you are bringing your family, you will appreciate the many schools and childcare centres close to campus, allowing you more time with your family while still making great progress with your PhD.

Flinders University offers PhD students a skills training program that consolidates all research and transferrable skills training across the university into one program. It is an individualised program, where students choose what training is most relevant to them and at what stage of their candidature.

Water

Flinders University has a well-earned reputation as a leading light in the field of water resources, hydrology and groundwater with Australia's largest academic, industry and government research team working on breaking exciting new ground in this field. Environmental Science and Environmental Health are two further options. Courses offer research or placement options.

Beyond water management and environmental health, Flinders also offers a postgraduate program in Aquaculture. This course develops an understanding of aquaculture principles and practices in a wide variety of fields, which you will implement through work placements. The program involves practicals in laboratories, aquaria and tanks, aquaculture professionals and a flexible choice of elective topics available from different disciplines.

Ranked #20 in the world for Water Resources
(2022 Academic Ranking of World Universities)

The quality of Flinders University is excellent, it has strong practical knowledge and teaching and learning skills, so many resources, and qualified supervisors. The PhD program fits in my career perfectly. I enjoy living here as the city is not crowded, with few traffic jams. Lots of parks and clean rivers are interesting to visit and to have a picnic with family and friends.

Desiani Natalina Muliasari
Indonesia
PhD (Education)

The thing I enjoy most about living in Adelaide is the low cost of living compared to other cities in Australia. I also enjoyed travelling to the Flinders Ranges and Kangaroo Island. Adelaide is a multicultural city with many festivals. Flinders offers an internationally recognised education program and the lecturers are industry experts and world class researchers delivering high quality teaching.

Francisca Imbo

**Semester 1 commences in February, Semester 2 commences in July. Semester 3 (MBA only) commences in October.

†Fee for the undergraduate component only. Refer to the standalone postgraduate course for the applicable fee.

Services to support you

We approach our services to students in the same way that we approach our academic and research activities – with a commitment to excellence.

Students who are new to Australia may need some extra support to acclimatise and start their studies confidently. We have a range of support services and resources to help you transition to a new environment:

International Student Services (ISS)

ISS offers a range of programs supporting your enrolment, study and social life, as well as a referral service to facilities on campus and within the local community. ISS also offers a free meet-and-greet service for new international students arriving at Adelaide Airport, the railway station, or the central bus station.

Orientation

We have several orientation sessions and programs to help you get used to University life, including the Introductory Academic Program (IAP) for Australia Awards Scholars, the Flinders International Student Orientation and the Academic Preparation Program.

Student Contact Officers (SCO)

The Student Contact Officers are situated within ISS. They are responsible for coordinating the non-academic aspects of the students' scholarships, including: reception on arrival, the payment of your Contributions to Living Expenses (CLE), assistance in finding accommodation, support services for families and access to health, academic and counselling services for students and their families.

Student Learning Support Service

The Student Learning Support Service (SLSS) offers support to all students in the areas of academic writing, basic mathematics, general study skills, and referencing. We offer one-to-one guided drop-in study support through the Learning Lounge (in-person at Bedford Park), online study support through Studiosity, programs to improve your academic skills, and a wide range of study resources accessible anytime through Flinders Learning Online (FLO).

They also organise the English for Academic Purposes program – free modules to improve your academic English.

Flinders Connect

The Flinders Connect team can assist you with enquiries relating to enrolments, ID cards, parking permits and a range of other general enquiries. Flinders Connect is available face-to-face on campus, as well as by phone or online.

Health, Counselling & Disability

The Flinders University health service is a fully equipped and accredited medical centre providing a wide range of medical and disability services. There is also a free and confidential counselling service, which assists students who may be experiencing difficulties studying due to personal or social problems.

OASIS

OASIS, which can be found on the Bedford Park campus, is a Student Community Wellbeing Centre focused on supporting the physical, emotional, social, and spiritual needs of students, so they can achieve academic and personal success. We call it "Wellbeing for Success".

A welcoming home away from home. A space to make friends, relax, or join in with one of many activities OASIS offer, such as yoga, meditation or community market. OASIS also has Prayer rooms and quiet space. They also run English Chat groups for students and spouses. They have a fully equipped kitchen to heat your lunch, join in a cooking demonstration or simply make a cuppa.

Families & Schooling

Students are responsible for all matters and costs associated with bringing family members to Australia.

The South Australian government grants fee-free education to the dependents of Australia Awards scholarship holders when their children attend state government schools. Australia Awards scholars are eligible to apply for the Child Care Subsidy to help offset the cost of childcare.

General Notes Fees listed are valid for students who commence in the 2022 academic year only and include the University's Student Services and Amenities Fee (SSAF). Students should be aware that annual tuition fees will be subject to an increase for each year of study and may be different from future published commencing fees. You will be liable for these fees upon acceptance of an offer from Flinders University.

In the event of a variation between the fees listed here and the approved University schedule of tuition fees found at flinders.edu.au/international, the approved University schedule will prevail. Please also note that some courses may require students to purchase uniforms, clinical laboratory or workshop materials or equipment or to undertake field trips. Administrative fees may also be charged for variations of enrolment such as deferral, transfer of study, or reinstatement of enrolment. The University reserves the right to alter, amend or delete any course, fee or entry requirement without prior notice.

Disclaimer The information contained in this publication is accurate at the time of publication: September 2022. Flinders University reserves the right to alter any course, topic or fees contained herein without prior notice. CRICOS No. 00114A
